Re: Notice of Intent to Award
Contractor Responsibility Certification Form Request
Falls Township-Municipal Campus Renovations

Dear Sir or Madam,

In response to your request for contractor responsibility certification forms, we have attached forms from each of the sub-bidders we received that had competitive pricing for the associated project.

Given that we have not received the final award, we have not endeavored to finalize purchase orders and contracts.

Our firm, upon receipt of the award, will commence a scope review with the responsive subcontractors and vendors to ensure that all proposals incorporate like scope. Upon selection we will inform you of same.

These forms should exemplify the experience and capabilities of our proposed subcontractors and vendors.

Sincerely,

Anthony J. Marano, Jr.

President

cc: Matthew Takita, Township of Falls
Barbara R. Merlie, Randolph Clarke, LLC

Project Name: Falls Township Municipal Complex

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No | |
|--|--------------------------|-------------------------------------|------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input type="checkbox"/> | * see attachment |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input type="checkbox"/> | <input type="checkbox"/> | * see attachment |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input type="checkbox"/> | * see attachment |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> | |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input type="checkbox"/> | * see attachment |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journey person status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input type="checkbox"/> | <input checked="" type="checkbox"/> | |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyman, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* ("ERISA"), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

Honeywell Attachment 1

*Honeywell International Inc. is a Fortune 100 corporation. As such, it is from time to time named as a party in lawsuits throughout the world, often in instances when it is not at fault. Due to the nature of such litigation and claims, it is not always possible to determine whether lawsuits or claims of a particular kind are pending against Honeywell at any given time. We believe that, as a general matter, our current policies, practices and procedures are properly designed to promote adherence to contractual and governmental requirements, laws and regulations. However, in some cases because of past operations and operations of predecessor companies, we have been involved in lawsuits, penalties, and disputes. Except as may be disclosed in Honeywell's 10K, 10Q and other regulatory filings, however, none of these lawsuits or disputes have a material adverse effect on Honeywell's financial standing or its ability in any specific instance to perform in accordance with its contractual commitments. We have inquired into litigation and disputes filed by customers against Honeywell Building Solutions in the State of New Jersey related to performance contracting and we have not identified any such litigation or arbitration filed in the last ten years.

- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

- 8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

- 9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journey person status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyperson, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs. ☒
- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
 - B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* (“ERISA”), or non-ERISA programs.
 - C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.
8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors? ☒
9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law? ☒

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

Re: Notice of Intent to Award
Responsible Contractor Ordinance and Supporting Documents
Falls Township-Municipal Complex

Dear Sir or Madam,

Allstates Mechanical, Ltd will be performing the HVAC/Mechanical work on the Falls Township Municipal Complex Project. Please note that most of our employees have successfully completed/graduated from an approved apprenticeship program in this trade. In which we employ a few who are registered apprentices.

On this project we anticipate that we will have anywhere between 1-4 employees working on this project at any given time. For the most part, all the staff working on this project will either be graduates of an apprenticeship program or currently enrolled apprentices.

We will review the certified payrolls to ensure that the 70% requirement is being met as the project progresses.

Please feel free to reach out to me with any questions.

MEMORANDUM

TO: Micheon Walker, Allstates Mechanical
FROM: Marilyn DaBronzo, President, M&R Insulation Systems, LLC
SUBJECT: FALLS TWO MUNICIPAL COMPLEX UNION APPRENTICESHIP PROGRAM

Dear Micheon,

M&R Insulation Systems, LLC will be performing the mechanical insulation on the Falls Township Municipal Complex project.

M&R employees are members of Local Union 89 and have participated in the apprenticeship program and we do employ active apprentices.

100% of the Insulators employed on the project will either be graduates of and approved apprenticeship program or currently enrolled in the 5-year apprenticeship program.

On this project we anticipate needing anywhere between 1 and 4 employees.

Let me know if you require any further information.

Sincerely,

SUB-CONTRACTOR: M&R Insulation Systems, LLC

CONTRACTOR RESPONSIBILITY CERTIFICATION FORM

Contractor Name: Advanced Building Controls Date: Aug 20, 2023

Contractor Address: 1486 Greenleaf Dr

Warrington, Zip Code 18976

Contact Name: Craig Connelly E-mail Cconnelly@advancedbldgcontrols.com

Contact Direct Phone No.: (215)520-9964 Fax No.:

Project Name: Falls Township Building

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journey person status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years; or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journey person, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.
- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
 - B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* (“ERISA”), or non-ERISA programs.
 - C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.
8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?
9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.
